

TIPS & TRICKS

Finishing Tips & Tricks – POM Owls

October 2014

By Sharon Berrum (SharonB on the CarveWright Forum)

The owls were done using craft paints and Golden's Green Interference paint.

added a little brown to get it dark enough

Use 3 to 4 different shades of paint. I used a wedge brush and a fairly small brush. Sometimes I use a filbert brush-medium or small size.

Paint all a light Blue. ↘

Put a dot of dark blue at top of feather and blend downward. ↘

You might have to pick up more light blue to blend. ↙

add white dots with end of toothpick or a needle. ↙

Paint all a cream color. ↘

Paint a few Darkest Color. ↘

Paint med. Color but leave an edge on each feather. ↙

add a band of darkest Color on med. & cream feathers. ↙

Paint all a med. orange ↘

Paint a dark orange on the shadow side ↘

add a little light orange and dry brush with white on ends. ↘
